Secretary's / Archivists article of the month

With the vast library of photos and literature, I will be adding an article in the newsletter each month, with information on the topic. This month article is taken from the 1987 Beating Retreat by the Household Division. For those non-guardsmen reading this the household division is made up of the following Regiments;

Household Cavalry (Life Guards & Blues and Royals)

On the restoration of King Charles II in 1660, both Regiments had Kettledrummers and Trumpeters, it was these two musical elements who formed the original Regimental Bands.

Grenadier Guards - GG (1st or Grenadier Regiment of Foots)

The regiment were raised in Flanders in 1656 (at the time this was known as the Spanish Netherlands).

Coldstream Guards – CG (Their origins lie in the personal bodyguard of King Charles I of England and Scotland)

Its lineage can be traced back to 1642, although it was only placed on the English Establishment (thus becoming part of what is now the British Army) in 1686. It is the oldest formed Regiment in the Regular Army, more so than any other in the Household Brigade.

Scots Guards - SG (Formed by King Charles I, in 1642 for service in Ireland)

The Regiment return to Scotland in 1650 and was disbanded during the exile of Charles II, but was reformed in 1660 at the restoration of the King

Irish Guards – IG (Formed in 1900 by Queen Victoria)

The Irish Guards were formed to commemorate the bravery of many Irish regiments in the South African Campaigns.

Welsh Guards - WG (Founded in 1915 by Royal Warrant of George V)

The Welsh Guards came into existence on 26 February 1915 by Royal Warrant of George V in order to include Wales in the national component to the Foot Guards, "*..though the order to raise the regiment had been given by the King to Earl Kitchener, Secretary of State for War, on 26 February 1915*

The Picture below was within the Programme and shows The Band and drums of the Coldstream Guards mounting Guard Mount c1800.

Those taking part in the Beating retreat were Trumpeters of the Household Cavalry, Corps of Drums from 2nd Bn CG, 1st Bn SG, 2nd Bn SG, 1st Bn IG,

Pipes & Drums of the 1st Bn SG, 2nd Bn SG and 1st Bn IG. Regimental Bands provided by all Guards Regiments. The music listed as played by the massed Corps of Drums have some familiar tunes, such as Hazlemere (T Birkett), May Blossom (Weir), Scarlett & Blue (Thomas) and San Lorenzo (Silva)

Drummer Call – Editors notes

The DC Editor (Geoff Fairfax) has requested that if there are articles that you would like to have included in the drummers Call magazine, then please send to the Editors email address, Also could you ensure that if you have Photos to go with the article could these be sent separately and not with the photos embedded in the word document.

Facebook

To obtain feedback for new members I have asked all those requesting to join to answer 3 drums related questions, which will hopefully get new members to join the CODS and more importantly to give those new members information of Active Corps within the area they live.

Could I ask all that if you are getting friends to join that they answer the 3 questions, these are intended to ensure that those joining the fb page have an interest or are wishing to participate within the drumming world.
